EARS

With 4 mm needles and pink, cast on 5 sts.

Beginning with a knit row, work 5 rows in st-st.

Break off yarn leaving a tail of about 10 cm. Thread yarn through stitches and draw tight to make round part of ear. Darn in yarn end.

Sew cast-on yarn through bottom sts and draw tight to make lower part of ear.

TO MAKE UP

Sew sides of mouse body together from tail end to nose end, matching stripes. Leave a hole for stuffing.

Insert stuffing and, if using, squeaker and catnip into the mouse body. Wrap squeaker and catnip in stuffing before inserting to make sure they are squidgy and don't make the mouse lumpy. Finish sewing body. Sew on ears using cast-on yarn ends.

Embroider nose with pink yarn, securing end tightly in the body. Secure a length of yarn through body and out the tail end to form a tail. Tie a knot at the end of the tail. Make sure all ends are very tightly secured. Launch towards nearest cat. ■

Do not use stretchy yarn, yarns that split easily, very fluffy yarns or yarns with sequins or beads. Use stitches that create a firm fabric, avoid loose weave and drop stitches and don't use very large needles.

Make sure all stitching is very secure, sewing in all ends, and don't use plastic eyes. Cats Protection also suggests that cat owners regularly inspect their own cat toys for signs of wear or damage and recommends not leaving cats unattended with knitted toys. Do not use knitted toys or comforters with cats that have wool-chewing habits.
